The Albert Luthuli Centre for Responsible Leadership

The Albert Luthuli Centre for Responsible Leadership aims to develop a new generation of responsible leaders, shaping local and inte policies in support of social and environmental justice.

- Its strengths lie in its ability to harness the academic integrity of a variety of academic disciplines cutting across areas such as economic sciences, natural sciences, law, engineering and humanities, to name a few.
- Its legitimacy lies in its ability to respond to key issues in the field of corporate responsibility and responsible leadership.
- Its relevance is determined by the extent to which stakeholders, internal (faculty at UP) and external (private sector, public sector and civ ability to advance responsible leadership through relevant teaching and research interventions.

News

Findings of corporate governance research project released - 27/05/2013
From **The Albert Luthuli Centre for Responsible Leadership**

The Albert Luthuli Centre for Responsible Leadership (ALCRL) at the University of Pretoria released its research findings on the state of corporate governance in South Africa on 22 May 2013. The research initiative was taken in partnership with the Institute of Directors in South Africa (IoDSA) and Media Tenor, supported by Ernst & Young and the South African Institute of Chartered Accountants (SAICA), and looked at the development of the King Codes since the early 1990□s to the recent adoption of King III within companies.
