The face of WATER at UP

Welcome to the Water Institute of the University of Pretoria (UP). UP is recognised internationally for quality education and research in water, v
of a Water Institute at UP - also informally known as **Water at UP**.

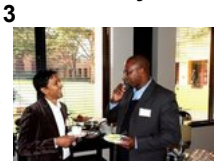
The main purpose of the Water Institute is to encourage advanced water research and education across boundaries in all nine UP Faculties, in c
This strongly positions the Water Institute to constructively contribute, through its structures and external involvement, in **FINDING SOLUTIONS**

Adding value through growth in excellence

As a primary goal the Water Institute also strives to promote and support existing water research and education at UP with the objective to **add value** t
excellence. In addition, the Water Institute will encourage the development of promising new water research and education initiatives within the knowledge fra

News

Official launch of the National Biodiversity and Business Network - 21/05/2013

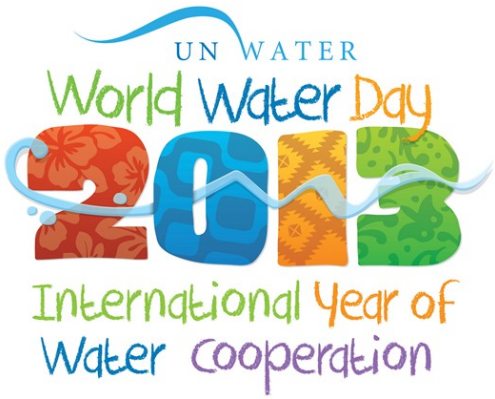


The National Biodiversity and Business Network of South Africa was officially launched at the Gordon Institute of Business Sciences (GIBS) in Sandton on 15 May 2013. The University of Pretoria was represented by Dr Claudious Chikozho and Ms Anesu Makina, both from Albert Luthuli Centre for Responsible Leadership (ALCRL), as well as Prof Don Cowan from FABI. **[Read More]**

Open Day was a success! - 21/05/2013

I am pleased to inform you that I received many messages conveying positive feedback on the UP Open Day 2013. I was especially pleased about comments that the UP team of staff, students and volunteers was especially helpful and friendly. My heartfelt appreciation to all who contributed to a positive experience for parents, prospective students, families, school principals and teachers. I encourage you to keep up the good work. Open Day is an important event for the University for attracting good students, and for broadly enhancing the reputation and status of the University.

Events and announcements



The annual Fountain of knowledge conference of the Water Institute will take place on **9 November 2012** in **Room 1-45** of the Law Building on the Hatfield Campus.

TuksGolf Training Centre officially opened at the University of Pretoria - 17/05/2013

The University of Pretoria prides itself on its publicly recognised achievements pertaining to its various sporting fraternities. These achievements can be attributed to the University s sporting facilities, which are of the highest quality among South African universities. To add to its quality achievements, the University of Pretoria, through TuksSport and the High Performance Centre (hpc), has now officially opened a golf training centre.

South African law professor to report to the United Nations on Lethal Robots - 16/05/2013

South African human rights law professor, Christof Heyns, will submit a widely anticipated report on Lethal Autonomous Robots (LARs) to the United Nations (UN) Human Rights Council on 29 May 2013. Prof Heyns, from the University of Pretoria (UP), was appointed as UN Special Rapporteur on extra-judicial, summary or arbitrary executions in 2010. During last year, he conducted worldwide research on the question whether states should be allowed to use LARs - weapons that, once deployed, can use lethal force without further human intervention - during war, or peace.
